## Description

**Big jobs. You know, the ones that others back away from. Not the rugged Express Wagon. It was designed specifically for the tough assignments. Extra attention has been given to assure the highest performance and longest service life. Our chassis and frame design are the envy of the industry. We have literally thousands of trailers still in service after 20 years... that's more years than most of our competition has been in business! A wide selection of lengths, payloads, and customizing options mean you can find the right trailer for the business at hand. For even more cubic capacity, add the optional Wide Body configuration with a generous 95" interior width. Sometimes bigger is better.**

6,000lb Axle

102" Wide Track

Torflex Suspension

10 Degree Up Angle

EZ Lube Hubs
